Sir:

Attached hereto is a completed Form PTO-1449 listing patents, publications, applications, or other information, which the applicant believes may be material to the examination of the subject patent application. Copies of any foreign patents and any non-patent literature are submitted herewith, as required by 37 C.F.R. §1.98(a)(2). Copies of any cited U.S. patents and U.S. patent application publications are not submitted herewith, in accordance with the notice published in the Official Gazette of August 5, 2003. It is requested that the cited patents, publications, applications, or other information be made of record in the examination of this application. The filing of this information disclosure statement is not to be construed as an admission that the information cited in the statement is, or is considered to be, material to the patentability of the invention claimed in the above-identified application.

No item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the

knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement. In accordance with 37 C.F.R. § 1.97(d), this information disclosure statement is accompanied by a check in the amount of \$180. The commissioner is authorized to charge any additional fee required by this paper or credit any overpayment to Deposit Account No. 02-4467.

No representation is made that a search has been performed. No admission is made that the information cited in this statement is, or is considered to be, material to the patentability of the subject patent application.

Respectfully submitted,

Dated: Dec. 21, 2006
